

Ref: HR: Recruitment2017:461:2017

Dated: 22nd June 2017**NOTICE**

This is for information to all candidates who appeared for online examination held on 15th May 2017 that the obtained marks by the candidate for all the **specialized streams** are diluted because of the unavailability of the sufficient number of candidates for the next round of Group Discussion and Personal Interview. However, the dilution of number is not applicable for the **general stream** as enough candidates are available without dilution of marks.

Dilution of minimum qualifying marks in the online test has been done as per the calculation given below:

For General & OBC category:		For SC/ST candidates :	
Actual passing marks	Diluted marks	Actual passing marks	Diluted marks
60%	50%	50%	41.67%

For example, candidate A of SC/ST category scored 72 out of 150 in online test which computes to actual percentage of 48% and the converted percentage has been arrived at 57.6% as per following calculation :-

Actual marks scored (A)	Actual percentage (B)	Scaling-up factor (C)	Converted Percentage (B)*(C)	Converted marks (out of 150) (A)*(C) =(D)
72	48%	$50/41.67 = 1.2$	$48 * 1.2 = 57.6$	$72*1.2 = 86.4$

2. ONLINE EXAMINATION MARKS CUT OFF

STREAMS	GENERAL	SC	ST	OBC	PWD
