The penalty for a missed deadline will be 1% of the Change Request Cost (Change Request Cost under Commercial Bid as per Annexure IV, with an each further 1% for 10% delay, aggregating up to a maximum of 15% of the project for each Change Request.

The penalty for every miss of deadline for service request will be 0.1% of annual maintenance cost (Annual Maintenance Cost under Commercial Bid as per Annexure IV). This will aggregate to maximum of 0.4% for an event (ticket) reaching up to Very High/Emergency Level. So, if the event is very high then missing the response time deadline will result in one penalty. Then a miss of the “Resolution time” will result in another penalty. Now the event will be treated as the next lower category event (a high event in this example) and the “resolution time” deadline of high events will apply (the time in all cases is from the beginning of the event). If this deadline is also missed, then a further penalty will be imposed and the event will have the next level’s resolution time as the next deadline.

The penalty for every miss of an SLA deadline for Change request will be 0.2% of the annual maintenance cost. For each change requests, the selected bidder will make an estimate of the time required and this will be mutually agreed upon by the selected bidder and GIC Re. The penalty for a missed deadline will be 0.2% of the annual maintenance cost (AMC), with an each further 0.1% for 10% delay, aggregating up to a maximum of 0.6% of the AMC for each change request.

GIC Re can waive a particular penalty if there are valid reasons. The Liquidated Damages will be calculated on a quarterly basis as an aggregate of all individual penalties levied in that quarter.

Any such Liquidated Damages when levied may be offset as against any pending payment/future payment by GIC Re to the Vendor. Alternatively, GIC Re may recover the same by invoking the PBG for the amount equivalent to the Liquidated Damages being levied. The Vendor shall replenish the PBG with the amount equal to the Liquidated Damages levied in not later than 10 working days from the date of levy of Liquidated Damages.

All Liquidated Damages levied shall be exclusive of each other.

The aggregate Liquidated Damages in a quarter should not exceed 10% of the amount due in a quarter (for this purpose shall be prices exclusive of taxes), across multiple events.
