CARE's claims paying ability (CPA) rating provides an opinion on an insurance company's financial strength and therefore its ability to pay policy claims as per the terms indicated. The opinion is not specific to a particular insurance policy or contract.

The CPA rating does not apply to non-policy obligations of the insurer, such as debt, nor does it address the suitability or terms of any individual policy or contracts. The rating does not take into account any limitation that the insurer might face in settling its foreign claims due to exchange control / sovereign restrictions that might be placed on foreign currency payments by the Indian Government.

CARE's CPA rating is not a certificate on regulatory compliance and is not a recommendation to buy, hold or terminate any insurance policy.

CARE would keep the rating under continuous surveillance and reserves the right to suspend/withdraw/revise the rating as and when circumstances so warrant. For rating updates, please visit www.careratings.com.
